第5問

I think it is very important for us to join volunteer activities. Through volunteering, we can learn a lot of things, such as teamwork, kindness, and responsibility. It also helps us understand the problems of other people and think about how we can help. Volunteering gives us a chance to make our community better and to grow as a person. Even small actions, like cleaning a park or helping at an event, can make a difference for everyone. I believe these experiences will be useful in the future. That is why we should join volunteer activities when we have the chance. (101) words
